DEFICIT OF \$43,250,000

Uncle Sam Has Not Made Any Money the Past Year.

NOR DID HE THE YEAR BEFORE.

In the Two Years the Expenditures of the Government Has Been \$113,250,000 More Than the Receipts—Some Interesting Statistics Taken From the Annual Report of the United States Treasury.

WASHINGTON, July 1.—The treasury deficit for the fiscal year just closed will be found by today's debt statement to be approximately \$43,250,000. This added to last year's deficit of nearly \$70,000,000 makes the excess of expenditures over receipts since June 30, 1893, about \$113,250,000.

The total receipts of the government this fiscal year, exclusive of postal revenues, amount to nearly \$313,000,000 and the expenditures \$356,250,000, of which pensions took \$141,391,628. Last year the aggregate receipts exclusive of postal revenues were \$297,722,019 and the expenditures \$367,525,279. The receipts this year therefore were \$15,278,000 greater than last, and the expenditures about \$11,275,000 less. The postal revenue deficit is about \$11,000,000 which is considerably in excess of that of any recent year.

The internal revenue department of government has contributed this year to the receipts nearly \$143,000,000 as against a little more than \$147,000,000 last year. The customs this year makes a better showing than last by about \$21,000,000. Last year the receipts from this source amounted to nearly \$132,000,000, and this year they approximate \$153,000,000. Of this amount sugar contributed about \$17,350,000.

Today's debt statement will show an available cash balance of about \$195,000,000, of which about \$107,500,000 is gold reserve. This reserve will include payment in full for the last bond issue, but the statement will show a counter debt charge of only \$31,157,700 in bonds, or one-half of the whole amount issued.

In explanation of this seeming error, it is said that the formal transfer of the London half of the bonds has not yet been made. The expenditures for July will be exceptionally heavy, pensions and interest alone are expected to amount to \$20,000,000.

During the fiscal year the number of national banks in existence has decreased from 3,775 to 3,722. Forty-one national banks have been organized during the year, 70 have gone into voluntary liquidation, and 36 have been placed in the hands of a receiver. The national bank circulation has increased \$4,337,791 from \$207,353,244 on July 1, 1894, to \$211,691,035 July 1, 1895. From July 15, 1894, to May 7, 1895, the nearest dates to the year obtainable, the loans and discounts of national banks have increased from \$1,933,589,352 to \$1,976,004,445, or about \$42,000,000. During the same time individual deposits have increased from \$1,677,801,200 to \$1,699,961,299, or about \$22,000,000. The lawful money reserve held by banks shows a heavy increase from \$364,105,757 to \$438,931,970, or nearly \$75,000,000.

The operations of some of the more important bureaus of the treasury department the last fiscal year are briefly outlined as follows:

There were employed under the light-house board in the construction and maintenance of aids to navigation, 32 steam tenders, six steam launches and two sailing tenders. In supplying light-houses and vessels and carrying for buoys, these tenders steamed 205,580 miles.

There are 3,422 persons employed in the light-house service as keepers, etc. The total value of the light-house establishment is about \$100,000,000. Ten new fog signal stations and 47 new lights were established during the year. The lower Cedar Point light station was destroyed by fire, and the Smith's Point light was carried away by ice. During the year perfect telephonic connection between Scotland light ship and the shore has been established. This is one of the greatest achievements in electrical research and seems to demonstrate that telephonic communication with simple appliances can be had with the shore by a vessel many miles at sea without any direct connection nearer than several hundred feet from the vessel.

The year has been of unusual interest and important to the United States revenue cutter service. It has performed special services of a conspicuous nature. Among these are noted the search for the "Yankee" supposed to have foundered on the 27th of September last off Cape Flattery on the Pacific, in which three of the vessels, viz: Grant, Rush and Corwin joined. In its winter cruising operations, during the unusually severe weather of the last season, it rendered services to distressed shipping of more than ordinary value and importance. The Dallas alone assisted during the month of February 20 vessels imperiled by ice, and during the month of March the Crawford rendered a like service to 15 during the former month.

The Morrill and McLane have been vigilant along the coast of Florida in repressing smuggling and preventing violation of our neutrality obligations by sympathizers of the Cuban revolt. Six vessels have been manned and fully equipped and dispatched to the Bering sea to protect the seal herds and the government interests in Alaska and the seal islands.

The new steamer Windom, under course of construction at the beginning of the year, has been so far advanced as to be practically completed. Two steam launches are being built for duty on Puget sound and one for the lower

Savannah river. Contracts have been awarded for the construction of two new steamers of upwards of 900 tons each which, when completed, will be the finest vessels in the service.

Much new legislation has been secured for the betterment of the service. One new vessel of the first class, to cost \$200,000, and one harbor boat for \$50,000, have been authorized for duty on the Pacific coast.

A law has been secured, placing on "permanent waiting orders" all officers of the service who are permanently incapacitated to perform efficiently the duties of their offices. In carrying into effect the provisions of this law, it is claimed that the service has been greatly benefited by the removal from the active list of a large number of officers, who, through no fault of theirs, are no longer capable of performing duty, and promoting younger men to the vacancy thus created. Measures have also been instituted and are in course of execution looking to new appointments to again fill the complement of officers on the active list.

The reports of the operations of the lifesaving service show that during the last year the total number of disasters to vessels at sea and on the great lakes was about 550. Of these 370 were on the Atlantic and gulf coasts, 170 on the great lakes and 10 on the Pacific coast. The value of the property involved is given approximately at \$7,635,000. The property lost is estimated at \$1,254,000. Of the 4,618 persons on board vessels in distress only 25 were lost as against 68 last year. The value of the property lost decreased during the year nearly one-half. The total number of vessels lost was 55, as against 91 last year.

The records of the immigration bureau show the number of immigrants who arrived in this country during the year to be approximately 255,327, a decrease for the year of 30,304. Of the whole number of arrivals about 2,500 were debarked from landing and deported to the port whence they came.

The total number of government buildings now under construction by the supervising architect of the treasury is 44, contemplating a total expenditure under existing limit of cost of \$18,700,013. The number legislated for but not commenced is 32, involving an expenditure of \$13,331,182. The total number of completed buildings now under the control of the treasury department is 296.

During the last 12 months the officers of the secret service have made more arrests of counterfeiters than during any other year in the history of the service.

BUCHANAN'S LIFE PROLONGED.

The Attorney General Must Write Out His Opinion.

SING SING, July 1.—"I do not propose to execute Dr. Buchanan until the attorney general gives me a written opinion as to the effect of the papers of appeal now in their hands at Albany."

Warden Sage was the speaker, and he was so angry that his voice trembled when he spoke to the group of reporters. At the door leading from the drawing room into the office, the face of a woman, anxious and troubled, appeared, and as the warden made this emphatic statement, she smiled and withdrew quickly. It was Mrs. Buchanan, and she had just left her husband. Warden Sage made the statement accredited to him after meeting his messenger whom he had sent to Albany on the train.

Frank D. Burroughs, the messenger who has been in Albany for two days with copies of the papers served on the warden and presented to the United States courts, returned at 9 o'clock last night with word that the attorney general's department at Albany declined to give an opinion in the matter, other than the verbal one that it would be all right to proceed.

Warden Sage sent him right back to Albany to await a written decision. The warden has not received an opinion or any answer from his telegram, and it therefore is reasonable to believe that there will not be an execution till Tuesday at the earliest.

CLAIMS SELF-DEFENSE.

Tragedy in the Missouri Pacific Freight Yards at Kansas City.

KANSAS CITY, July 1.—Walter Stevenson, whose parents live in this city, was shot and killed early Sunday morning in the Missouri Pacific freight yards. Soon after the shooting Ira Jorgensen, a young Dane, appeared at the police station and announced that he had shot a man.

According to his story he was attacked by two men with whom he had been beating his way on freight trains from Omaha to this city, one of them having slipped up behind him and knocked him down with a coupling pin. One of the two men proved to be Stevenson. The other escaped. Though the police detained Jorgensen pending an investigation, they believe that he shot him in self-defense after his companions had attempted to rob him.

No Trial If Caught.

CHATTANOOGA, July 1.—Sheriff Johnson of Whitfield county, Ga., arrived in this city yesterday afternoon in pursuit of three negroes who outraged and then murdered Mrs. Houston, near Gordon's springs, in Whitfield county, Saturday morning. The officer has tracked the men to a point near this city, and they are believed to be hiding here. There is intense excitement in Walker and Whitfield counties, and armed posses are searching in all quarters for the men. There will be no trial if they are caught.

MANISTEE, Mich., July 1.—Representative Charles W. Perry's saw and grist mill at Pierport, 20 miles north of Manistee, were destroyed by fire Saturday night. The loss is about \$100,000; no insurance.

JOSE MARTI IS ALIVE

On Board a Vessel at Key West Quarantine.

FOUR OTHER CUBANS WITH HIM.

Their Identity and Their Mission to the United States Unknown at Present—A Vessel Without a Manifest—A New York Minister Wants the Cubans Liberated by Americans Another Engagement.

JACKSONVILLE, Fla., July 1.—A special to The Citizen from Key West announces the arrival of the British schooner Attie, Captain Arteaga, 44 tons, from Nashua. The health and custom authorities on boarding her found the vessel without a manifest, crew list, passenger list or consular bill of health. She had only clearance papers. The captain says he was chartered to convey five Cubans who were aboard to Tampa, but put into Key West on account of shortage of provisions. The vessel was detained at the quarantine and is being watched by the revenue cutter McLane.

On being shown this Key West cable a Cuban authority here said that one of the five passengers of the Attie may be Jose Marti, notwithstanding all the news of his death. This man says that none of the leading Cubans really believe that Marti is dead and that they expect his return at any time now.

Nothing comes from Key West to establish the identity of the five passengers.

TO LIBERATE CUBA.

A New York Minister Tells What Americans Should Do.

NEW YORK, July 1.—Rev. A. B. Wilson spoke yesterday morning on "The Liberation of Cuba and the Duty of American Patriotism." Among other things he said, it was a fitting time to speak on patriotism. He declared that Cuba was appealing to America for help. The example of our liberty had a widespread effect but he declared our flag secured no more respect by the Spanish in Cuba than a dishrag.

He declared it was a duty of ours to liberate Cuba, and uttered a protest against Consul General Williams, declaring he should be removed. He told an incident or two of the cruelties of the Spanish to the Cubans and closed by appealing for a Moses from Washington to lead the Cubans out of bondage.

Insurgents Defeated.

MADRID, July 1.—The Spanish troops have defeated the insurgents at Guanatanamo.

ARRANGING A PRIZE FIGHT.

"Billy" Plimmer and George Dixon May Soon Meet in the Ring.

NEW YORK, July 1.—Parson Davies, who represents "Billy" Plimmer here, and Tom O'Rourke, for George Dixon, had a conference yesterday afternoon at the Coleman House with a view to trying to arrange a fight between Dixon and Plimmer in Dallas in October.

Plimmer's cablegram to the effect that he would not fight Dixon, except at 113 pounds, weigh in at the ringside, had in a measure thrown a whole lot of cold water over the proposed fight. "Joe" Vendig was present at the conference. O'Rourke finally agreed for Dixon to waive the 118 pounds contention and said that Dixon would fight at 116 pounds, weigh in four hours before the fight.

Davies agreed to this and immediately cabled the provision to Plimmer. It is believed that the latter will accept. O'Rourke left for Boston on an afternoon train to consult with Dixon. Vendig said that any arrangements that was reached between the two men would be acceptable to the club. The purse offered is \$7,500.

ENFORCING THE EXCISE LAW.

Yesterday Was the Driest Sunday Ever Seen in New York City.

NEW YORK, July 1.—Since the inauguration of the new mayor it has been almost impossible in many sections of the city to procure liquor. The climax of "dry Sunday" was reached yesterday, however. The police officials Saturday night throughout the city warned the saloonkeepers that not even "side doors" would be tolerated.

Many of the liquor dealers were frightened and made no attempts to open their establishments. Those who were daring enough to violate the excise laws by selling liquors were generally arrested without delay. Police Commissioner Andrews, accompanied by his wife, traversed Eighth avenue last night, peered through the windows of the saloons vainly endeavoring to find a place where liquor could be purchased in violation of the law. Commissioner Andrews is of the opinion that yesterday was the "driest Sunday ever seen in New York."

DEATH OF WILLIAM F. PARRETT. He Was a Prominent Indian and Served Two Terms in Congress.

EVANSVILLE, Ind., July 1.—Ex-Congressman William F. Parrett died suddenly and without warning at his home yesterday in the 79th year of his age. He represented the First Indiana district in congress for two terms, and was judge of the circuit court, composed of Vanderburgh and Posey counties, for nearly 30 years prior to his entry into congress.

Mr. Parrett was one of the most distinguished jurists in the state, and refused to permit his name to go before

the state committees for the supreme bench, though frequently solicited so to do. Since his retirement from congress he has lived very quietly in this city, not entering actively in the practice of the law.

FIRE IN A RAG SHOP.

Two Firemen Killed and Eight Others Seriously Injured.

WORCESTER, Mass., July 1.—A fire in the rag shop of the Hubley Manufacturing company in Brackett court, early yesterday morning, caused the death of two firemen and injured eight others, and caused a financial loss of about \$4,000. The dead are:

W. F. Brigham, 34, married. Lieutenant J. J. Boyle, 36, single. Both of Hose No. 4.

The injured are Deputy Chief Engineer George S. Coleman, Captain W. N. Avery, John P. Casey, F. H. Bassford, R. D. Robinson and E. C. Atwood, all members of Hose No. 4, and Henry H. Ham and C. E. Chamberlain of Hose No. 9.

Hose 4 was one of the first pieces of apparatus to reach the fire, and attacked it in the top story. Without any warning the floor collapsed and fell, carrying the two floors underneath it into the cellar. The men went down with it, and were buried under the ruins and bales of rags. Lieutenant Boyle's back was broken under the crush of the timbers and Brigham was smothered under the piles of rags. The rest of the men escaped with their lives, but it took the rescuing party three hours to get them and remove them from the debris.

FIRE IN CHICAGO.

A Number of Firms Burned Out in the Commercial Traders' Building.

CHICAGO, July 1.—Fire burned out a number of firms in the Commercial Traders' building at an early hour Sunday morning. Two men, Wesley Smith, the janitor, and Charles Brown were sleeping on the third floor at the time the fire was discovered and narrowly escaped death. They climbed down the fire escapes, but both were badly cut by falling glass. Fireman Brown was also badly cut by falling glass.

The total loss is estimated at \$115,000, divided among the following firms: A. A. Putnam, boots and shoes; the Consolidated Electric company; J. K. Wright & Company, printing inks; the American college of dental surgery; M. Donnerstag, sailors' trimmings; Leonard, Atkins & Company, boots and shoes. Setto brothers own the building which was damaged to the extent of \$40,000. The insurance is ample.

UPSET THE BOAT.

A Pittsburg Man Drowns His Wife and a Man Who Was With Them.

PITTSBURG, July 1.—Harry Mason is in jail here for the murder of his wife, Mollie Mason, and Isaac Adrian. Mason and his wife had attended a picnic at Ross grove Saturday afternoon. They had crossed the Allegheny river to a boat-house, where liquors were sold. While there Mason accused his wife of unfaithfulness, and said he would kill her at the earliest opportunity.

Soon after the pair started across the river in a skiff. Mason upset it in mid-stream, but a passing boat rescued his wife. In the evening they started across again with Adrian and William Barbear. Mason again attacked his wife, but the others pulled him off, and in the fight the oars were lost. Then Mason deliberately upset the boat, drowning his wife and Adrian.

LABOR ASSEMBLIES AT WAR.

Double Parade and Celebration Likely at Chicago.

CHICAGO, July 1.—The local labor organizations have not during the present season engaged in any extensive hostilities with their capitalistic employers, but, by way of diversion, are now engaged in fighting each other, and it is probable that the breach will widen as a result of a meeting to be held for the purpose of arranging the details of the Labor day demonstration to be held on Sept. 2.

The old trade and labor assembly became unpopular in certain circles on account of the charge that its officers were living on the organization and manipulating it for political purposes, and as a result the trade and labor congress was formed. It is probable that there will be two labor parades and two picnics on Labor day.

TOO MUCH WATER.

A Valuable Gold Mine Flooded, but all the Men Escape.

LEADVILLE, Colo., July 1.—The big Rex mine was drowned out yesterday and there is now over 250 feet of water in the shaft. All the workmen made their escape. These people have spent thousands of dollars in sinking and pumping the plant.

They were pumping over 750,000 gallons an hour when the flow commenced to increase, and drove them up level by level from the bottom 365 feet. Ore, believed to be very rich in gold, was just being entered when the mine was flooded. It is likely a mammoth pumping plant will be put in and the shaft drained at once.

First Fireworks Victim.

ST. LOUIS, July 1.—John Allis, the 9-year-old son of George Allis, a cooper, living at 1010 Arsenal street, was instantly killed yesterday evening by the explosion of a huge rocket that fell in front of the house and which he picked up. Bertie Moberly, a 13-year-old companion was badly wounded. Robert Blank, a private watchman who fired the rocket, is under arrest, and will probably be prosecuted for manslaughter.

ORIENTAL WAR CLOUD

Russia Ready For Hostilities With Japan.

HER MOVEMENTS KEPT SECRET.

Eighty Thousand Men Already Massed at Vladivostok Together With a Formidable Naval Force—The Harbor Planted Full of Torpedoes—War Vessels Ready to Move at a Moment's Notice.

TACOMA, July 1.—The Norwegian steamer Oscar II, which arrived yesterday 18 days from Vladivostok, Siberia, brings news that the indications are good for another Oriental war. Unknown to the outside world, Captain Sanderson of the steamer says that Russia has massed 80,000 men at Vladivostok and it is believed in Siberia that preparations are being made for an advance on Japan. Captain Sanderson says:

"Russia has been secretly, but actively, at work, and in the event of trouble with Japan is preparing to hurl a formidable naval and land force into the coveted territory which Japan has secured from China. These troops have been massed at Vladivostok, where the scene is decidedly warlike. The harbor at Vladivostok is planted full of torpedoes, and no vessels are allowed to pass in or out without Russian naval officers on board, as well as experienced Russian pilots, who know where the torpedoes are planted. My vessel was escorted in this manner both coming and going out of the harbor. Inside the harbor the entire Pacific fleet of Russian warships are massed ready to steam down the coast at a moment's notice. On shore 80,000 troops have been concentrated, and the evidence is clear that Russia is fully prepared for trouble in case the Japanese give an occasion for it.

"The massing of these ships and troops at Vladivostok has been secretly done by Russia, unusual precautions having been taken to prevent the spread of any intelligence regarding the actual force she has quartered there. Russia's designs, of course, can not be told and are purely conjectural, but it is clear that if she builds a railway line south from Vladivostok to the Yellow sea her intentions is to obtain an open port and hold it all hazards.

"The whole country looks like war, and the situation is considerably changed, but the peace element is hoping that that tension may be relieved and matters settled without a resort to arms."

It was intimated to Captain Sanderson before he left that the government would be pleased if he did not take pains to spread his knowledge of the operations at Vladivostok, but he did not hesitate to tell what he knew as he thinks the world is entitled to know the facts.

The Oscar II carried to Vladivostok a cargo of cement used in constructing the Trans-Siberian railroad. Captain Sanderson says the construction of this road is being rapidly pushed, the czar of Russia having given orders to finish it as quickly as possible. As soon as this line is finished, he says the Russian government intends extending it from Vladivostok south through Manchuria and Corea to an open port on the Yellow sea.

SUPREME COURT CONDEMNED.

Action Taken at a Labor Meeting Held in Indianapolis.

INDIANAPOLIS, July 1.—Over 200 workmen gathered at Mozart hall yesterday afternoon for the purpose of giving formal expression of their feeling toward the decision of the supreme court of the United States in the Debs case.

In the language of one speaker, "this meeting was not called for the purpose of giving an expression of sympathy to Eugene Debs, he needs no sympathy, for his name will go down in history as a hero; we are here to give recognition to the fact that in the imprisonment of Debs without trial by jury, the rights and liberties of the people have been assailed and to devise, if possible, some plan for remedying the evil."

President McBride of the American Federation of Labor spoke, and a set of resolutions condemning the court, was adopted.

Killed His Second Victim.

COLUMBUS, Ga., July 1.—Information just received from Harris county states that Henry Thomas, an 11-year-old negro boy, has just killed his second victim. He was hired by his uncle, Jasper Thomas, to take care of a child about a year old, while the father and mother were in the field working. Henry grew tired of acting as nurse, and took his uncle's pistol while his uncle and aunt were in the field and shot the child dead. Henry then laid it on the bed and covered it and fled to the woods. He has not been seen since. This is the second child he has killed.

Insane Man Wandering in the Woods.

UPPER SANDUSKY, O., July 1.—A pitiable insane man was found wandering in the big woods near here yesterday afternoon. He gave his name as Wright, but don't know where he's from. He has but few clothes and is in his bare feet.

Killed His Brother-in-Law.

GREENVILLE, S. C., July 1.—J. D. Lewis, conductor on the Charleston, Knoxville and Western railroad, last night killed his brother-in-law, Henry Rutledge. The trouble between the two men was caused by Lewis leaving his wife, a sister of Rutledge.

A NEW COLOR LINE.

A Republican Paper Kicking About the Law Lately Passed in New York.

[Cincinnati Tribune.]

Probably by the new civil rights law in New York a colored man now possesses an advantage over his white brother, and possesses it in such a distinct way that the white people will have to have some special legislation if they wish to be placed upon an equality with their colored brethren. As it now stands any negro can go into a restaurant, hotel or theater in New York, and if he is ejected or not properly served he has a case for damages.

Not so with the white man. If he goes into a reputable restaurant he can be put out if he looks untidy, or in any way is offensive to the proprietor of the restaurant or his patrons. He might not be forcibly ejected, but he is certainly courteously informed by the proprietor that his room will be more acceptable than his presence. Under the law a white man, we presume, would have no case against the proprietor of a restaurant for taking a step of this kind, but the colored brother would. They may possibly make some modification of the law that would change this condition of affairs, but as matters now stand the colored man has a most decided advantage over the white man in this particular aspect of civil rights.

THE IRON TRADE.

Weekly Review of the Situation—The Advance Gaining Momentum Every Day.

CLEVELAND, O., June 27.—The Iron Trade Review says to-day:

The advance in iron and steel is gaining momentum every week, and while there is no concealment of the fact that things may be moving too rapidly for the health of the trade, nobody seems to be seriously trying to hold the market down. With their product engaged from sixty days to six months ahead, and inquiries and orders steadily growing, the mills and steelworks are swinging along toward a condition that now lacks only a few of the elements of a boom.

The advance in steel rails from \$22 to \$24 Eastern mills, decided on at New York last week, has already been followed by buying.

Much more is known to hinge on the story the next two months tell as to the crops.

Prospects in this direction are more flattering with every week. In primary markets the past week has uniformly brought increased strength. Not only is the entire standard bessemer product of Lake Superior iron mines for 1895 sold, but non-bessemer ores of good record have been in such demand that 10 and 15 cents advances have been made on the limited stocks yet available of the 1895 product.

In pig iron the marking up of prices North and South scarcely checked buying, but it has tended to keep the business of Northern furnaces, at least, nearer home. Bessemer has gone to \$13. Pittsburgh steel billets continue their upward march. Sales for the third quarter were made at \$20 and \$20.25 Pittsburgh, and a spot-delivery sale is reported at \$20.50.

HAS THE SHEET.

R. C. Burns of Catlettsburg Makes Ugly Charges.

Says He Was Fairly Nominated For Attorney General at the Republican Convention.

[Cincinnati Post.]

Hon. R. C. Burns, of Catlettsburg, Ky., is in Cincinnati.

Until the recent Republican State convention in Louisville, June 5, Mr. Burns was a candidate for the Republican nomination for Attorney General, and thereby hangs a tale.

Mr. Burns, according to the flures of the Secretaries of the convention, was defeated, but his friends claim that he was fairly nominated, but that the party bosses wanted his opponent, Judge W. S. Taylor, of Morgantown. Mr. Burns shares in this belief.

Questioned about the matter, Mr. Burns said:

"There is no question but that I was fairly nominated, but the bosses didn't want me, I guess. You see, I had to fight Bradley and all of his workers, including Dr. A. D. James, Congressman Hunter, of the Third District; Congressman Colson, of the Eleventh District, and various other influential men of the State, who would rather favor Bradley than me."

Asked why Bradley favored Judge Taylor, Mr. Burns said:

"I know no reason for his action, further than the story which I have heard since the convention, to the effect that it was Taylor who made Bradley a member of the national committee, and that the latter took this method of repaying him."

"Yes, Bradley has written me about the matter, trying to explain, but I want no explanation in the face of the fact that Bradley voluntarily came to me and offered to cast the vote of his own county equally between me and Judge Taylor. Of course, this was satisfactory, and I assured him I would not expect more."

"Did Bradley's county vote as he promised you it would?" was asked.

"The tally sheet shows that it did not."

"Who has the tally sheet?"

"I have it, and propose to keep it for reference. It might prove interesting some day."

—Miss Katie Fitzgerald, of Lexington, who has been visiting relatives here, left for her home this morning, accompanied by Master Gerald Murphy.

—Miss Belle Platt, of Newport, Ky., left for her home this morning, after being the guest of St. Francis de Sales Academy for several weeks past.

—Mr. and Mrs. Nat Dunbar and son, of Asheville, N. C., left for home Saturday after spending several days here with Professor Milam and family.

—Miss Lizzie J. Maltby, who recently visited at Washington, has a very desirable position now as teacher of elocution and diction in the Lansing Business College, Lansing, Mich.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

—Portsmouth Times: "J. H. Cheesman, C. and O. agent at South Portsmouth, has gone to his home at Aberdeen for a much needed two weeks' rest."

—Mr. W. H. Ball, of East Second street, left Saturday evening for Vanceburg on account of the serious illness of his mother-in-law, Mrs. W. W. Winters.

—Mr. I. Greenstein, the Market street clothier, made a flying visit to Cincinnati yesterday, going down on the morning train and returning in the afternoon.

—Mr. Charles Carpenter, the handsome young son of Mr. W. B. Carpenter of Cincinnati, left for home Saturday, after spending a couple of weeks in this city.

—Miss Wardroper and Miss Fannie Bierbower, of this city, are this week attending a meeting of the National Association of Teachers for the deaf and dumb at Flint, Mich.

—Professor J. B. Bentley left Friday for Oxford, Miss., to take charge of the University High School. His family will remain some time in Mason visiting relatives at Washington.

—Mrs. E. W. Fitzgerald and son Frank, of Covington, arrived here Saturday on a visit to relatives and returned home this morning, accompanied by her son Harry and daughter May, who had been attending school here.

—Mr. Edward Biltz, a member of the Board of Aldermen of Newport and Republican candidate for Mayor, visited Mr. J. C. Miller Sunday, returning home Sunday evening with his daughter, Julia, and Miss Katie Mendell who will spend a week in Newport.

Fourth of July Excursion Rates.

The C. and O. will sell excursion tickets between stations on the Cincinnati division at one fare for the round trip; also from stations on the Cincinnati division to stations on the Huntington division west of Gauley, W. Va., at one fare for the round trip. Tickets on sale July 3d and 4th. Return limit July 5th. On July 4th, round-trip tickets to Carter, Ky., at \$1, by special train.

Tickets to all stations on the C., C. & C. and St. L., B. and O. S. W., C. & H. and D., and L. N. A. and C. railways, within 200 miles of Cincinnati, at one fare for the round trip. Tickets good on all trains. Tickets sold to foreign roads good returning July 7th.

First Communion Class.

Fifty-six boys and girls received their first holy communion at St. Patrick's Church yesterday morning at the 8:30 mass. The scene was a beautiful one, the little misses all dressed in white with veil and wreath, and the boys wore dark clothes with a white silk bow 'on their arm. At the close of the mass the children renewed their baptismal vows and after reciting some prayers they marched to the basement of the church, where the pastor, Rev. Father Ennis, had a breakfast prepared for them.

Get's \$5,000 Damages.

Robert Weaver, formerly of this city, has compromised his damage suit in the Campbell Circuit Court against the C. and O., receiving \$5,000.

This and several other suits grew out of the wreck at Newport, July 9th, 1893, in which one boy was killed and several people were injured. They have all been settled, except one which is pending in the Court of Appeals. If that case is affirmed, the wreck will cost the road \$17,500.

Notice.

On and after July 1st, the receipts for city taxes will be in my hands for collection.

THEY WANT REVENGE.

The Reds Are Feeling Bad Over Their Defeat and Want to Play the Maysvilles Again.

The Reds, Cincinnati's league team, are trying to explain their defeat at the hands of the crack Maysville club last Friday.

Most all the Cincinnati papers had some excuse to offer yesterday for the down-fall of their pets. They account for it by saying that Captain Buck Ewing, Germany Smith and Bid McPhee were not along with the club. The Reds are feeling so sore over their defeat that they want revenge, and are anxious to come back and tackle the Maysvilles at an early day. They will be accommodated, of course, if satisfactory terms can be arranged.

Here are some press comments on Friday's game.

Cincinnati Enquirer: "Maysville's victory over the Reds Friday is robbed of much credit when it is known that Ewing, Smith and McPhee were not with the team. Nevertheless, Manager Bancroft is willing to play them again July 12 with the same team."

"The Maysville club is jubilant on account of its victory over the Cincinnati Reds last Friday, and is getting an excursion to run down on July 4, when it will tackle the Shamrocks for two games at League Park."

Commercial Gazette: "When it is taken into consideration that only one of the Reds' infielders went to Maysville Friday, the Reds' defeat is easily explained. Holliday played first, Miller second, Gray short and Foreman right-field."

Cincinnati Tribune: "How would it answer to hire the Maysvilles to finish out the league season in Cincinnati?"

Cincinnati Post: "George Rieman and Ray Tenley, the Maysville battery that foiled the Reds, are 'home boys.' Rieman is a Covingtonian and Tenley lives in Bellevue. They will be seen here on the Fourth of July and the Maysville-Shamrock games at League Park will certainly draw crowds of fans, who are curious to see the Bluegrass team that threw down the Reds."

Portsmouth Times: "The Maysville team has reason to be proud of its record with the league teams. Last year it played the Cleveblands a great game, the score at the close of the ninth inning standing 3 to 2 in favor of the Cleveblands, the result being doubtful at the close of the game. Friday's game, in which they defeated the Cincinnati by a score of 4 to 3, will doubtless make the team from the Limestone City feel that they are the coming champions of the Ohio Valley."

Covington Commonwealth: "Manager Bancroft has decided to send the Reds to Maysville and engage the latter to finish out the season in Cincinnati."

"Good boy Rieman, come and see us when you come home."

"It was a Covington boy that threw down the Reds Friday."

"If Louisville can't beat them quitters one man who hails from Covington can, and his name is Rieman."

The Navies will be here next Friday and Saturday for two games.

The Senators, Washington City's league team, will probably be here some time this month for a game. Negotiations to that effect are pending.

A big crowd will accompany the Maysvilles to Cincinnati on July 4th, Thursday, to see the games with the Shamrocks.

Footing it Around the World.

Samuel W. Shockey, a long-haired individual hailing from Ada, O., is in town to-day. He started May 6th from New York on a trip around the world, for a wager of \$10,000, which he claims was put up by the United States Press Association. The limit of time is four years.

Shockey was a lieutenant under Commonwealth Coxey, and is getting as much notoriety out of his tramp as the latter got out of his tramp to Washington.

When Traveling.

Whether on pleasure bent or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c. and \$1 bottles by all leading druggists. Manufactured by the California Fig Syrup Company only.

THE saying is "When one fly dies a dozen go to the funeral." "Stick-em" fly paper catches funeral procession and all. Try it. For sale at Chenoweth's drug store.

THE C. and O. has issued a very neat and tasty little book entitled "Safety in Travel." It is printed on excellent paper, is attractively bound and artistically illustrated.

WM. PRATHER, a married man living at or near Ewing, and the wife of Henry Stanfield eloped Saturday morning. It is said if Stanfield catches the guilty couple there will be bloodshed.

THE Cleveland Steel Company has announced to its employees that their wages will be advanced 10 per cent. The Pennsylvania railroad wheel foundry at Altoona, Pa., has advanced wages 12 per cent.

KENTUCKY Educational Association, Lexington, July 1 to 3. On account of above the L. and N. Railroad will sell round trip tickets at one fare (\$2.10) to Lexington, June 30th, July 1st and 2nd. Limited to July 5th.

THE Oliver Iron and Steel Company, of Pittsburg, which is now non-union, has announced that after to-day it would pay its puddlers twenty-five cents per ton more than was paid union men by the amalgamated scale.

A FINE rain that set in Sunday morning at 11 o'clock is still falling. It will prove of great benefit to the crops. Farmers were complaining loudly last Saturday of the drouth, but that is all over now, for the present at least.

CALL and see the most elegant line of gold and gold-filled watches ever shown in Maysville at P. J. Murphy's, the jeweler. He has marked them down at prices that will suit you if you contemplate buying a watch. No trouble to show goods.

REV. GREEN CLAY SMITH, the well-known Baptist minister and prohibition advocate, died Saturday, at his home in Washington City, of blood poisoning caused by a malignant carbuncle. General Smith lectured in this city some years ago on the subject of temperance, and was present at the annual meeting of the Kentucky Baptist Association when last held in Maysville.

MR. JOHN SHEA left this morning for Covington to accept a position in the freight department of the C. and O. at that place. Mr. Shea is a bright, energetic young man, who has had several years' experience in railroad work, having been connected with the K. C. road. With the opportunities before him he will no doubt push himself rapidly to the front. The BULLETIN joins with his many friends in wishing him success.

HON. NICHOLAS McDOWELL, Agricultural Statistician for Kentucky, received official notice Saturday from the Agricultural Department at Washington that the Statistical Department for Kentucky will be discontinued from and after to-day. The divisions for Kentucky and Tennessee are consolidated, and will be looked after by Cooper D. Schmitt, of Knoxville, Tenn. The position has always been made an adjunct to the office of Commissioner of Agriculture, and paid a salary of \$760 per annum, and the abolishment of it at this time will knock a hole in the salary of prospective Commissioner Nall.

A SCRIMMAGE.

An Article in the Ledger Causes Trouble Between Mr. C. B. Taylor and Editor Davis.

An exciting scene occurred Saturday evening shortly after 5 o'clock at Mr. George Schwartz's barber shop, the parties figuring in the affair being Mr. C. Burgess Taylor and Editor Davis of the Public Ledger.

The trouble grew out of an article published in the Ledger Saturday, taken from the Commercial Gazette, in reference to a scene that transpired at the Democratic State convention last week. Parties who were present in the convention say the article was highly colored, and did Mr. Taylor injustice, and the heading given it by Mr. Davis—"Colonel Bugjuice Taylor,"—rendered it still more offensive to Mr. Taylor and his friends.

Mr. Taylor chanced to meet Mr. Davis in the shop, and requested the editor of the Ledger not to refer to him in such a manner any more. Other words passed, and Mr. Taylor finally hit Mr. Davis in the face with his fist. Bystanders at once separated them and nobody was hurt.

JAMES BREEZE sold his farm of 109 acres to John Connell at \$49 per acre. It lies on the turnpike three fourths mile south of Germantown.

WHILE sinking a well at Acker & Frederick's ice factory on the Fleming pike Saturday, a vein of natural gas was struck at a depth of 170 feet.

THE Courier-Journal says that the Democratic campaign managers are already laying their plans for the most thorough and vigorous campaign ever made in Kentucky. Mr. Charles R. Long, who is to be Chairman of the State Central Committee, says the committee and the nominees will meet within ten days to begin the work.

ABERDEEN Gretna Green: "Mr. Joseph Fulton had a cat. The cat had kittens. The cat then took a notion to leave this country, died. The kittens were left motherless. Mr. Fulton also possesses an old black hen. Since the death of the cat the hen has taken charge of the kittens, hovering them of a night, the same as if they were her own offspring, and the little kits follow her around, and scamper to her when she clucks."

ASHLAND News: "Miss Sudie Pierce, of the West End, has returned from Maysville, Ky., where she went to see her sister, Miss Geneva, graduate. Miss Pierce finished with a class of eleven, receiving the honors. She was awarded a handsome gold medal for proficiency. She expects to teach next year and will probably accept a position in the schools at that place. She is a bright young lady and will do doubt be a successful teacher."

JOHN TACKETT, charged with killing John Brown and wife at the mouth of Kinney, June 14th, was tried at Vanceburg Friday and was released for want of evidence. There was no proof that the parties were actually murdered, as the only thing shown was the testimony of the 'Squire who made the examination, and who, when asked as to where he got his authority that their necks were broken, stated that he had, when attending school, studied geology.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zeilin & Co., Philadelphia.

RESULT OF A JAIL DELIVERY.
Two People Are Dead and Several Wounded—More or Less Severely.

OKLAHOMA CITY, O. T., July 1.—As a result of a jail delivery at this point at 6 o'clock yesterday evening, two people are dead and several wounded more or less severely.

When Jailer Garver entered the corridor of the jail at the usual time to lock the prisoners in their cells, Robert Christian, Vic Casey and William Christian made a savage onslaught on him with weapons which they had managed to secrete. He was struck a terrific blow over the right eye and knocked insensible. The prisoners dashed over his body and away to freedom, scattering the people on the crowded streets and keeping at bay their pursuers with a rapid discharge of revolvers, which in some manner they had obtained.

Vic Casey jumped into a passing vehicle containing a man and a woman and at the point of a pistol compelled them to jump out. Almost before they had time to obey his command, Chief of Police Jones opened fire on the escaping prisoners, who promptly returned the fire. A perfect fusillade then took place between Christian and Casey and several officers. Casey and Officer Jones were instantly killed and another man was shot through the leg and a woman slightly wounded. One of the Christians then mounted the dead officer's horse, while the other compelled a citizen to get out of his buggy and drove furiously out into the country, closely pursued by a posse of infuriated citizens.

Bloodhounds have been brought into requisition and there is but little doubt but that they will be captured. Should they be caught a double lynching will surely follow. Vic Casey was 19 years old. He killed Deputy Marshal Sam Harris at Lukon, O. T., last summer. He would have been released on bond today.

Bob and William Christians were noted thugs, and confined on the charge of killing Deputy Marshal Turner of Tecumseh, O. T., several months ago.

GASOLINE STOVE EXPLODES.

A Young Lady Killed and Her Mother and Brother Fatally Injured.

CHICAGO, July 1.—A gasoline stove exploded yesterday in the home of Christopher Brown, 1341 Wellington avenue, causing the death of Miss Agnes Brown, aged 20, and the fatal injuring of her mother, Mrs. Mary Brown, and her brother, Arthur Brown.

When the explosion occurred Miss Brown was filling the reservoir of the stove with gasoline. She had failed to shut off the flame and the vapor ignited, causing the gasoline in the can as well as that in the reservoir to explode. Both the injured are badly burned about the face, hands and body.

Mrs. Charles Walcott Suicides.

NEW YORK, July 1.—Mrs. Charles Walcott, formerly a professional aeronaut, who gave performances throughout the country with her husband, a well known aeronaut, committed suicide by taking laudanum yesterday at her home in this city. Her professional name was Nellie Lamont. About a year ago she met with a fall which made her a cripple for life. This affliction caused despondency, resulting in self-murder.

Railroad Man Assassinated.

MONTGOMERY, Ala., July 1.—Late last night Jim Ratliff an employee of the Louisville and Nashville railroad, was assassinated by some unknown person. He was in the act of throwing the fire out of the engine, when the assassin slipped up and shot him, blowing the back part of his head entirely off. Last week Ratliff had a disagreement with Jasper Jones, who is suspected.

Fighting in Formosa.

HONG-KONG, July 1.—The British admiral has withdrawn the guard from the Island of Formosa and has offered to take foreigners aboard his ships. The German admiral has made a similar offer to Germans. It is believed that the reason for this action is that it is inexpedient to relay the guard with the Japanese forces advancing and fighting probable.

Push It Along.

LEWISTON, Me., July 1.—Another of Lewiston's largest corporations has voluntarily increased the wages of its employees. This time it is the Lewiston bleaching and dye works, and effects over 500 operatives. The increase will average 10 per cent.

MANAGUA, July 1.—President Zelaya has returned from a harmonious conference between the presidents of Nicaragua, Honduras and Salvador, at Amapala, regarding plans for the Central American union.

UNION TRUST COMPANY pays its stock holders to-day a 7 per cent dividend, being dividend No 5 and is \$15,000 paid in dividends on its \$50,000 capital since beginning business five years ago. And it has to its surplus and undivided profits \$5,051.73.

FREE GOLD AGAIN.

The Policy of Cleveland and Carlisle Vindicated.

It not infrequently requires time to prove the truth of things and bring justification of things done. It has not required a long time to prove that this bond sale, so condemned a brief while ago, was, with regard to all concerned in it, a sagacious, patriotic transaction, reflecting upon its authors nothing but honor.—Philadelphia Ledger.

The present improved condition of affairs is very directly connected with this one bond sale and the help it brought from the world's most powerful capitalists and financiers. But for it we should have lapsed probably in one day more to the silver basis, with disastrous results to every legitimate business interest.—Baltimore Sun.

The gold reserve is nearly \$101,000,000. Let the heathen rage.—Boston Globe.

Young Lady Suicides in Church.

RICHMOND, July 1.—Miss Minnie Wilkinson, a young lady of high standing in social and religious circles, committed suicide by shooting in the Second Presbyterian church of which Dr. Moses D. Hoge is pastor about 7 o'clock yesterday evening. The act was committed in one of the parlors, not far from the auditorium in which services were being held at the time. Disappointment in a love affair in which E. R. Marquess, a nephew of Dr. Hoge, is said to have been concerned, is given as the cause.

Hawaiian Exiles Will Return.

SAN FRANCISCO, July 1.—Olney V. Ashford and Fred Wundenberg, who were exiled from Hawaii for alleged complication in the recent rebellion, have announced that they will return to Honolulu. They will not go as filibusterers as has been reported, but under the protection of the British flag. They claim to be British subjects, and they now say they have received assurance from Great Britain that they will be supported in their claim of a right of residence in Hawaii.

Silver Democrats Threaten to Fight.

CLEVELAND, July 1.—The silver Democrats in this city threaten to make a fight in the coming county convention. William J. Hart, who is recognized as one of the leaders, declares that he will introduce a free coinage resolution in the county convention and if he is defeated there, he will take the matter to the state convention. Hart counts on the assistance of the other silver Democrats in the contest.

Church Struck by Lightning.

CORDOVA, Md., July 1.—During a thunderstorm at 11:30 yesterday, lightning struck the rear end of the Baptist church, which was well filled, inflicting considerable damage and severely shocking the congregation. The horse shed, adjoining the church, also received a heavy shock, and Ardel Randall, a young farmer, and two horses were instantly killed.

Defaulter May Escape.

OMAHA, July 1.—There is much discussion in Omaha as to whether or no defaulting treasurer Henry Bolln shall be prosecuted. The record shows that at least \$25,000 of city funds were missing when Bolln was deposed. As this was made good by bondsmen and the city lost nothing some were for letting Bolln escape further prosecution.

Four Americans Drowned off Mexico.

MAZATLAN, Mex., July 1.—A party of four Americans, among them being Howard Trevins, a wealthy manufacturer of California, were drowned off the coast 60 miles north of here two days ago. They were making a pleasure cruise in a sailing vessel when it capsized.

British Extending Their Forts.

COLON, Colombia, July 1.—The British are further extending the forts on the Island of St. Lucia, in the British West Indies.

CINCINNATI TOBACCO MARKET.

It Was a Shade Easier the First of the Past Week, But Recovered Before the Close.

The Cincinnati Leaf Tobacco Warehouse, in its circular for last week, has the following:

Our market the past week was a shade easier the first two days than it was the week previous, but on the last two days it regained all it lost. We think the slight depression in the market was caused by the rains reported in the country, and by the setting which had been made in some parts.

All grades sold very well, and good tobaccos were fully as high on Thursday and Friday as they ever have been any time previous, although we did not reach as high figures as we did last week, but we did not have as fancy tobacco on the breaks. Low grades and mediums were about the same. Our information from the country is that there has been considerable tobacco set upon the season had on Thursday last, but in some parts of the district they had very little rain.

The market being so satisfactory at the present time we would advise shippers to make hay while the sun shines, or in other words, make a profit when they can, as something might happen to make it get lower. It seems almost certain that we will not have an overproduction this year, from the scarcity of plants and lack of season until it has got so late that it would be almost impossible to get the plants to live, even if they had them.

The receipts have not increased, but are even less than previous week. This we suppose is owing to the fact of the rains which we had, and farmers were setting tobacco where they could do so. The pricing season being upon us now, when tobacco can be put in good order, we look for more liberal receipts.

OF COURSE, THEY WILL.

Clay Men Will Stick to the Party and to the Nominee.

LEXINGTON, Ky., June 28.—The sensational dispatch sent from here to the Louisville Commercial which stated that the Clay leaders, who have just returned from the convention, would bolt the ticket and work for the election of Bradley, is pronounced by them to be without any foundation in fact.

Such men as Charles E. Butler, E. F. Clay, Catesby Woodford, of Paris; C. J. Bronston, H. W. McCorkle, J. P. Nelson, B. J. Welsh, M. A. Cassidy, Louis des Cognets, F. P. Farrell, W. S. McChesney, Jr., and a dozen others who made a gallant fight in the convention for Mr. Clay, all say that they and all of Mr. Clay's friends are for the whole ticket as nominated, and will work for its success. The sound money men of Lexington, who are in a large majority, are much pleased with the platform, and will add their support and that of the many friends of P. Watt Hardin, who is very popular.

Good for nothing

did you say?

Yes, that describes how I feel.

I have no energy left, nothing interests me.

My strength has left me and I have no inclination to work.

No one would take me for the same person that I used to be.

I look and feel forlorn and miserable.

My spirits are low, I feel despondent and I can't sleep at night.

I am constipated and my digestion is out of order.

I feel almost hopeless, it seems to me that I shall never be strong again.

Cheer up, your case is far from being hopeless. You are suffering from general debility, your nerves need toning up, you lack vitality. The cure lies in enriching and purifying your blood and strengthening the system. You should take Brown's Iron Bitters. It will restore you to robust, perfect health. You will improve from the first bottle: This remedy is pleasant to take and is a very powerful strengthener. It does not stain the teeth. But get the genuine—see the crossed red lines on wrapper.
